Subject: VoIP Activation

I wanted to send my congratulations and thanks for the perseverance in getting the new Cisco phones up and running. I can only imagine the amount of work and effort that you all have expended to make this a reality. Special thanks to Jason and Joe at Matrix for not leaving us on our own. We have a solid partnership here that is greatly appreciated!

I would say break a leg this week but I know that is a theater reference and not something I am wishing literally. I am here to help in any way I can. Take Care, Bev
