To whom it may concern,

I have known Jason for 6 years at NCR. Jason has always displayed a high degree of integrity, responsibility, and ambition. He is definitely a leader rather than a follower. In addition to his excellent customer service accomplishments, he has proven his leadership ability by providing excellent support in networking. Jason is very knowledgeable in many areas: Internet, Intranet, web servers, routers, switches, vpn, networking monitoring, and analysis of any problem that may occur.

He is also a most dependable team player. His good judgment and mature outlook ensure a logical and practical approach to his work environment.

Jason would be an asset to any organization, and I am happy to give him my wholehearted endorsement. A company that extends opportunity to him will find that he quickly rises to the challenge to the benefit of all.

Sincerely,

Steve Soloff
